

1. Test positive on rapid tests : The test result has not been confirmed by a medical professional or video consultation with a doctor yet.

<p>Actions to be taken by staffs and students</p>	<ol style="list-style-type: none"> 1. Write the date, time and your name on your positive rapid test kit and take a picture of it. 2. Go to the Academic Information System → Report to the COVID19 section. 3. Domestic students who reside in dormitories should generally contact their parents to take them home for home isolation. Please do not take public transportation. 4. Please abide by the principle of “one person per room” (a separate room with a bathroom). 5. After being diagnosed COVID19 positive via video consultation with a doctor, you have to fill in the close contacts(roommates) on the CDC’s system within 24hrs after you received the SMS. 6. For those who are unable to go home for home isolation, please contact the Division of Health Service 03-5743000 (Weekdays 0800-1700) or the Student Assistant Division 03-5711814 (24hrs) to arrange to stay at Anxin Dormitory while awaiting instructions to move to the government quarantine facility.
<p>Actions to be taken by the Division of Health Service</p>	<ol style="list-style-type: none"> 1. Ensure students and staff complete video consultations with a doctor via the EUCARE app or find one from the government list. 2. Arrange students who cannot do home isolation to stay in Anxin Dormitory temporarily. Also, register students for the government quarantine facility.
<p>Course Arrangement and Student Attendance</p>	<p>Lecturers: Email students or departments for COVID leave and discuss about course arrangements and other self-study alternatives.</p> <p>Students: 1. If a student tests positive on rapid tests, he/she either receives lectures through the e-learning platform or contact the lecturer via email directly about how to proceed. Departments shall assist as well. 2. Lecturers may adjust grading methods according to the nature of the course or arrange make-up exams.</p> <p>Relative departments: The Division of Curriculum will mark the students on the attending list according to the name list provided by the Division of Health Service. The Division of Curriculum can also remind lecturers to arrange all sorts of alternatives.</p>
<p>Disinfection for Dormitory</p>	<ol style="list-style-type: none"> 1. The dormitory only provides temporary accommodation for students who cannot go home and are waiting for a group quarantine facility. 2. After a case has been a confirmed in dormitory, Division of Student Housing will arrange disinfection. Disinfect floors where confirmed cases are located, including hallways, bathrooms, and stairs. <p>Students can borrow bleach from the service centers and disinfect their own rooms.</p>

2. Confirmed Cases: Positive test result has confirmed by a doctor. Or received a positive PCR result from the hospital.

<p>Actions to be taken by staffs and students</p>	<ol style="list-style-type: none"> 1. Go to the Academic Information System → Report to the COVID19 section. When you experience the following symptoms: wheezing, breathing difficulties, persistent chest pain, chest tightness, unconsciousness, blue skin, lips or nail beds, inability to drink or take medicine, anuria, or significant reduction in urine output in the past 24 hours, please call the Division of Health Service 03-5743000 (Weekdays 0800-1700) or the Student Assistant Division 03-5711814 (24hrs) for help immediately. 2. Students who reside in dormitories should generally contact their parents to take them home for home isolation. Please do not take public transportation. 3. Please abide by the principle of “one person per room” (a separate room with a bathroom). 4. After being diagnosed COVID19 positive via video consultation with a doctor, you have to fill in the close contacts(roommates) on the CDC’s system within 24hrs after you received the SMS. 5. During 7 days of home care and 7 days of self-health management, please record your temperature and health status twice a day (morning and evening). If you have any health problems, please contact Division of Health Service. Tel. 03-5743000 (available on weekdays) or HsinChu health care center Tel.03-5320900 (available all the time). 6. Those with no symptoms who are in the self-health management period can go to work or attend classes.
<p>Actions to be taken by the Division of Health Service</p>	<ol style="list-style-type: none"> 1. Notify confirmed cases to do home care. 2. Arrange students who cannot do home care to stay in Anxin Dormitory temporarily. Also, register students for the government quarantine facility. 3. Notify close contacts and contacts to collect their at-home rapid test kits from the Division of Health Service (3 sets free for close contacts and 1 set free for contacts).
<p>Course Arrangement and Student Attendance</p>	<p>Lecturers: Email students or departments for COVID leave and discuss about course arrangements and other self-study alternatives.</p> <p>Students: 1. If a student tests positive on rapid tests, he/she either receives lectures through the e-learning platform or contact the lecturer via email directly about how to proceed. Departments shall assist as well. 2.
